*W6DGH op by WB6ZVC
 **W6AB op by WB6HJW, WB6GRW, W6QMV, WA6CRX, and WA6DKY

There were 70 entries in the 1974 California QSO Party, down from the previous high of 131. This year 42 of California's 58 counties were represented. Missing were Alpine, Calaveras, Colusa, Glenn, Inyo, Lassen, Mariposa, Merced, Modoc, Napa, Nevada, San Benito, Siskiyou, Sutter, Trinity, and Yuba.

The Northern California Contest Club was a co-sponsor of the Party this year, and will take over full sponsorship in 1975. The NCCC should be better suited for the job since its membership leans more towards contesting than does that of the NHRC.

W6KYA was back at Saroine Lake in Sierra County again this year (WA6JDT/6 in past years). The whole family went this time, so a lot of the time was spent hiking and fishing (but didn't catch a thing!).

K6TG/6 was operated on the crest of the Sierra Nevada Range on the county line between Mono and Tuolumne Counties just north of Sonora Pass at an elevation of 9650 feet. Operation was from the back seat of a VW bug with no heat. W6JTH, also in a VW bug, operated Sunday afternoon with QRP about one half mile north. K6TG was also QRP.

Most entries were neat and legible. Special thanks go to WA9GAM who took great pains to make his neatly hand printed log entries. I really appreciated that. Incidentally, WA9GAM had the top score outside of California. Unfortunately, I always receive a few sloppy logs (and some poor copies of sloppy logs to boot!). Please try to be more careful next year--it surely makes my job easier.

Thanks to all who provided SASEs. Two of our DX entries provided more than was necessary towards postage. They'll get special attention.

John, W6KYA
 NCCC/NHRC
