Only 100 watts and a GAP vertical, but what fun, again! Nice to have 10 meters on the way back. I like the CW side best and would like to see CW awards, but that might cause some mults to work CW only. Probably not a good idea. But, CW did run full time this time, not just on the 1/2 hour. I got LU6AY (Mats) to enter the contest and he had a great time. He also set a new SA record. Thanks again for a great contest.... W6KY

I made it this year! Great contest - prop seemed strange ... lots on 10/15/20 OK but not spectacular, heard almost nothing on 40. Wait 'till next year! ... K6DGW
