

NC6Q Imperial

- call sign used: NC6Q
- MS County Expedition High Power (500 w)
- modes: phone and CW
- QTH: El Centro, Imperial County
- 1 transmitter
- 4 operators, all from Long Beach area:
 - Bob NC6Q
 - Bill WB6WKT
 - Phil K6MUG
 - Chris K6CAW
- antennas:
 - 20 and 15 m, Spiderbeam antenna at 32 feet
 - 40m, inverted vee
 - 80m, end fed long wire

Soapbox: 40m antenna was supposed to be a multiwire beam but wouldn't tune up so we kept it at one inverted-vee. Location is about 40 feet below sea level in an RV Park where we could camp, operate under a cover, use the bathroom and shower and swimming pool! Pictures show our group (l-r Bob NC6Q, Phil K6MUG, Chris K6CAW, Bill WB6WKT operating), Spiderbeam antenna, moon at sunrise in Imperial County. We hope to correct problems and be more competitive in 2019. Had LOTS of fun!
